

NATIONAL MAINTENANCE COUNCIL FOR CANADA

By Facsimile
October 5, 2007

To: Alberta National Maintenance Agreement Signatory Employers.

Re: Initial and Terminal Travel Amounts, Article 14.100 b) Page 8, Alberta N.M.A.:

Dear Sir:

Pursuant to the above noted Article in the Alberta National Maintenance Agreement, the National Maintenance Council has reviewed initial and terminal travel amounts due to general increases in the reference agreements. Accordingly, initial and terminal travel amounts under the Agreement are amended as follows:

120-200 Radius Kilometres \$77.00 each way.

200-300 Radius Kilometres \$110.00 each way.

300-375 Radius Kilometres \$132.00 each way.

376-475 Plus Radius Kilometres \$198.00 each way, or actual airfare if suitable proof of air transport is provided to the employer.

On jobs beyond the four hundred and seventy-five (475) radius kilometers initial and terminal travel amounts will be mutually agreed between the Union and the Employer to a maximum of \$303.00 each way or airfare if suitable proof of air transport is provided to the employer.

Yours truly,

S. M. Smillie,
Executive Director
