5.200 Addition of spare machinery or equipment may be done under the Maintenance Agreement provided it is for debottlenecking purposes. Example: There are two existing pumps. Both pumps are required to run at all times to maintain full production. A spare may be added for the purpose of having one pump down for maintenance.

This Board when selected or appointed will proceed as soon as practicable to examine into the dispute or grievance and on the basis of the facts, render its judgement. The majority or unanimous decision of the Board of Arbitration shall be final and binding and accepted by both parties for the duration of the Agreement.

In the event that a majority decision is not reached by the Board of Arbitration, the decision of the Chairman shall be deemed to be the decision of the Board and shall be final and binding and accepted by both parties for the duration of the Agreement.

The Arbitration Board shall not be authorized to make any decisions inconsistent with the provisions of this Agreement, not to alter, modify or amend any part of this Agreement.

In arbitration proceedings, each party shall pay the expenses of its Arbitrator and the expenses of the Chairman shall be shared equally by the parties.

The Company shall provide the necessary facilities for the grievance meetings.

19.100 The Company agrees to hire or transfer men in any territory where work is being performed or is to be performed in accordance with the procedures established in the Local Area Labour Agreement by each Council affiliate. In reference to the 48 hour rule, Article 3.300 applies.
