Re: Extension of the National Maintenance Agreement covering various industrial operating
Facilities in the Province of Newfoundland and Labrador

Dear Member:

After appropriate consultation and discussion the National Maintenance Council has determined that it is appropriate to extend the term of the Agreement until February 28, 2010. This term extension provides that the existing agreement will extend "as is" with no changes.

Prior to February 28, 2010, meeting dates will be secured to conduct the renewal of the Newfoundland Hydro Holyrood GS National Maintenance Agreement.

Please advise your local union representative of this result.

Regards,

S.M. Smillie
Executive Director
