Re: **Extension of the Ontario National Maintenance Agreement**

Dear Member:

After appropriate consultation and discussion, the National Maintenance Council has determined that it is inappropriate to open the Ontario National Maintenance Agreement and conduct a full renewal process. Accordingly, the Council will extend the existing agreement, as is, until June 30, 2021.

Please note that any monetary increases to the existing wage schedules established through the local reference agreement will be picked up during this extension period.

Please advise your Local Union Representative of this result.

Regards,
